

THE SOLUTION IS THE CORPS, **BIOCORPS**

「WHO WE ARE」

Hospitals • Health Care Facilities • Restaurants • Cafeterias • Cruise Ships • Institutions • Offices • Laboratories • Classrooms

We are **BioCorps USA**, a consortium of Illinois Veteran Owned Small Businesses and Minority Certified Contractors, who are direct licensees of Gator Engineering and Aquifer Restoration, Inc. (GEAR), a Department of Veterans Affairs (VA) Center for Veterans Enterprise registered in System for Awards Management (SAM). CAGE code no. 52D34

GEAR is the certified Service-Disabled Veteran Owned Small Business (SDVOSB) affiliate of ENVVIORMENTAL HEALTH TECHNOLOGIES, LLC (EHT), who for over fourteen (14) years, has been a leader in the field of biothreat antimicrobial technology.

Through GEAR's and EHT's efforts at giving back, its "Protected Classes Protecting U.S. All", initiative provides **SDVOSB's, VOSB's, MBE's, DBE's, WBE'S** and individuals from all protected classes, operating in HUBzones and other historically underutilized areas of development with the training, systems, equipment, technology, and business consulting necessary to provide quality and effectiveness in their battle against the invisible enemies.

BioCorps, LLC, is an Illinois for profit, limited liability company, and a direct licensee of EHT, in partnership with House Our Heroes, L3C, (www.houseourheroes.com), a philanthropic Illinois low profit, limited liability company, primarily devoted to the charitable purpose of developing programs and coordinating solutions for Illinois' Veterans.

IN THE BATTLE AGAINST COVID-19 THE SOLUTION IS THE CORPS, BIOCORPS.
